1. CEO's Greeting

First of all, thank you for your interest in us.

We specialize in manufacturing Forged fitting, BW fitting, Flanges and other piping components in the Oil & Gas industry.

Since 2006, we have made every effort with qualified products to focus on our client's needs in the field of heat exchangers, power generation facilities, petrochemicals, shipbuilding and offshore around the world.

We are proud to have acquired a wide range of knowledge in this field based on our know-how accumulated through many projects.

Before saying that it is impossible, we consider it thoroughly and find a possible method!

We believe that is the way to customer satisfaction and we're always researching it as our corporate spirit.

We will be your strong business partner!
